Présentation de l'éditeur

GOD TALKS WITH ARJUNA Paramahansa Yogananda's illuminating translation and commentary on the Bhagavad Gita is one of the most comprehensive books available today on the science and philosophy of yoga. This monumental work breaks new ground as a revelation of the Gita's profoundest spiritual psychological and metaphysical truths long obscured by metaphor and allegory. Yogananda clearly outlines the Gita's balanced path of meditation and right activity and shows how we can create for ourselves a life of spiritual integrity serenity simplicity and joy. Includes in-depth discussions on Kriya Yoga - what it is and how it hastens our spiritual evolution. 'All that appears difficult or hard to understand melts away in Yogananda's extensive commentary there is no important aspect of life and human existence that this book does not touch'
