Revue de presse

World War II was the greatest event in the history of mankind, and although it has been the subject of countless books, documentaries, and academic courses, there is so much still to know. *The Ghost Army of World War II* describes a perfect example of a little-known, highly imaginative, and daring maneuver that helped open the way for the final drive to Germany. It is a riveting tale told through personal accounts and sketches along the way-ultimately, a story of success against great odds. I enjoyed it enormously. --Tom Brokaw
Présentation de l'éditeur

A cultural history/visual culture book featuring the story, photos, ephemera, and art of The Ghost Army, a World War II deception unit, which used inflatable tanks and other illusions to mislead the Germans on the battlefields of Europe. The Army recruited artists to create these illusions; in private moments, they painted and sketched their way across Europe, creating a unique visual record of the war. Biographie de l'auteur
Rick Beyer is an award-winning documentary filmmaker and bestselling author. He wrote *The Greatest Stories Never Told* book series and produced films for PBS, The History Channel, National Geographic Channel, and the Smithsonian Institution. His PBS documentary *The Ghost Army* debuted in May 2013 (www.ghostarmy.org). Elizabeth Sayles is the illustrator of more than thirty children's books and teaches at the School of Visual Arts in NYC and CUNY/Queens College. Her father, Bill Sayles, was a soldier in the Ghost Army.
